ANNOUNCEMENTS & EVENTS

Mayor's Message

I write to send you every good wish for 2021, and to publicly extend profound thanks to our Village employees. They never shut down, slowed down or slacked off amidst the challenges related to both the pandemic and storm weather disasters. Village Clerk/Treasurer Jill Cervini; Highway Sup't. Bob Schwarz and LHPD Chief Tom Krumpter and their Departments produced impressive and sustained efforts to keep our Village fully operational during an extremely challenging 2020. The Board of Trustees and Volunteers who serve on our 7 Boards & Commissions never waived in attending to Village business. It is my great privilege to work with all of them. We are really proud of how our Village functions, even under very adverse conditions.

~ Jean M. Thatcher, Mayor

Rain Garden at Village Hall

BOARDS & COMMISSIONS

Positions are available as follows:

•**Board of Zoning Appeals-** The BZA hears appeals for relief from the Zoning Code, as amended from time to time by local or state action. It also may hear and decide upon matters specifically referred to it by the Planning Board, and review any determination made by any code enforcement officer.

Meetings: 4th Wednesday (monthly) 6:30 pm Village Hall (no August.)

•**Planning Board-** The Planning Board handles all sub-division matters; waterfront construction including items such as docks, beach stairs, seawalls, revetments, etc. Items pertaining to the Village's extensive Master Plan also fall within the purview of the Planning Board.

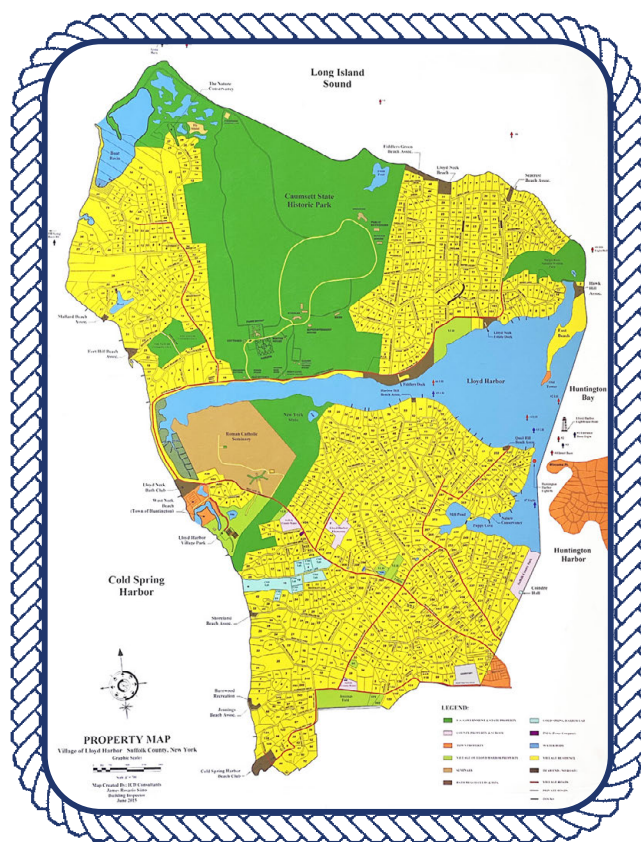

Meetings: 2nd Thursday (monthly) 7:30 pm Village Hall (no August.)

•**Site & Permit Review Board-** The PRB (Permit Review Board) reviews all building permit applications for new construction, additions & alterations including renovations, remodeling & construction of accessory buildings. Installation of pools & buffer zone replanting are included in PRB review. Lot coverage, slope of land & tree removal, among other items, are also within the purview of the PRB.

*Meetings: 4th Monday (monthly)
7:30 pm Village Hall (no August.)*

Residents interested in any of the above positions should send a letter of interest and resume/bio to:

Jill Cervini, Village Clerk/Treasurer
32 Middle Hollow Road
Huntington, NY 11743
Email: jcervini@lloydharbor.org

Harbor Control COMMISSION

The Harbor Control Commission & Lloyd Harbor Police Department will continue the “ride along” partnership on the water during peak hours. 2021 Harbor Use Permit applications are available at Village Hall or online at: www.lloydharbor.org.

ALL MOORINGS IN LLOYD HARBOR MUST HAVE A LLOYD HARBOR - HARBOR USE PERMIT.

Mooring fees:

*** Lloyd Harbor Residents - \$50**
*** Non-residents - \$300**

HIGHWAY DEPARTMENT

Dredging at Village Park Sandspit & Dock Area

The dredging project will be completed for Park opening in Spring 2021.
You will notice an enhanced beach, and deeper water in dock area.

Fire Wood Available

Free fire wood is available at the Upper Village Park.
The Upper Park is open daily from 7AM- 7PM.

Reminders:

- Annual refuse/ recycling schedules are sent out in late December
- Weight limit for refuse cans - 50 lbs
- Container size-35 gallons max.
- **DO NOT** use the giant cans made to be picked up by hydraulic lifts.
These cannot be picked up by the crew
- Sanitation/Recycling Pick-up-: Please call **631-549-8880** if you need a schedule or for updates about any changes to schedule.
- To arrange pick-up of larger items (may include a fee) please call **631-549-8880**.

CONSERVATION BOARD

Help avoid Deer/Vehicle Collisions!

- **Be Vigilant:** Make a habit of watching the sides of the road;
- **Watch for Group Behavior:** Deer tend to travel in herds. A lone sighting means others may follow. "Doe groups" are common in winter and often have fawns following them in the spring;
- **Time of Day:** Deer are most active at dusk & dawn. Be alert!
- **Use High Beams:** Use of high beams at night helps pick up "eye shine" of deer further along the road;
- **The Big Slow-Down:** This is your best defense against serious collision. It is far better than swerving or having to suddenly slam on the brakes, both of which can cause serious accidents.

POLICE DEPARTMENT

RAVE System

The Board of Trustees has authorized use of the “RAVE” system. This will take the place of “Code Red”, the emergency notification system currently in place. The “RAVE” system provides notifications to registered Lloyd Harbor Village residents in the event of emergencies, storm-related information, road closures, search-related or other unusual aviation activity, etc. Notifications are sent immediately via method of choice: 1) Text Message 2) Email 3) Phone

You will need to register to receive “RAVE”. Notification as to registration will be out soon. Contact information will be protected and the “RAVE” system used only for public announcements.

Governor’s Executive Order Re: Police Reform & Reinvention

A meeting was held on Feb.17, 2021 pursuant to the Governor’s executive order requiring each local government entity with a Police Dept. to “(1) perform a comprehensive review of current police force deployments, strategies, policies, procedures, & practices; (2) develop a plan to improve same if necessary. This plan must be adopted by April 1, 2021.

The Mayor & Trustees directed Chief Krumpter to oversee this extensive and exhaustive review. Invitees to the meeting included “stakeholders” and representatives from the offices of Huntington Town Supervisor, Councilman Cuthbertson, the Suffolk DA and Senator Jim Gaughran attended. Mayor Thatcher welcomed the attendees, gave a short description of Village operations, thanked Chief Krumpter and asked him to comment on the exhaustive and comprehensive report. The report will be adopted at the March Board of Trustees meeting.

Village speed limit is 35 MPH.
Please observe-strictly
enforced.

**Texting & driving is
illegal & deadly dangerous!**
An offense means a stiff fine
& points on your license.

No Parking on Village Roads

If you are having an event, however, and will need to park on Village roads, Village Hall must be notified so that guests will not be ticketed. Please call Village Hall (631-549-8893) or email pangelone@lloydharbor.org

Van Wyck-Lefferts Tide Mill Sanctuary

A Gardiner Foundation Matching Grant will help fund restoration of this historic Mill & Dam built in 1797. This 224 year old tide Mill is one of the best examples of a tidal grist mill due to its surviving original wooden gears & machinery. The Mill & Dam are listed on The National Register of Historic Places. Guided tours (through Huntington Historical Society) will hopefully resume this summer.

Village of Lloyd Harbor ♦ New York

Rain Garden at Village Hall

A rain garden is a depression that captures & treats storm water by providing drainage & removing pollutants.

The Conservation Board has also long been interested in rain gardens for natural drainage control. Heavy rains consistently result in several feet of water flooding the field adjacent to the side parking area at Village Hall. An effective, natural and beautiful solution is a rain garden.

Many thanks to *Rusty Schmidt, Landscape Ecologist*, & *Cassandra Castano, Asst. Landscape Ecologist*, both of *Nelson, Pope Voorhis* for providing the beautiful design for our Rain Garden. In this 613 SF rain garden, we capture run-off from both the main road & field (about 15,000 SF area.) This allows an entire heavy rain event to be absorbed into the rain garden within 24 hours. Native plants tolerant of both wet and dry soils are used. These native plants have deep roots, allowing water to soak into the ground, and also provide habitat support and food for birds, bees and butterflies.

See reverse for plant material & design.
