2022 HARBOR USE PERMIT

Enclosed are the Harbor Use Permit application and a summary of the regulations for operation of vessels in Lloyd Harbor.

Please note that all vessels moored, anchored, or rafted with other vessels must have a current Harbor use permit decal displayed at all times. You will be issued two decals with the same number. You must put one decal on the upper part of your buoy and the other decal on your boat.

The following contractors are registered to place moorings in Lloyd Harbor:

Storm Master	(631) 673-3773
Volpi Marine	(631) 424-8844
Kaiser Marine	(631) 219-0455

Please note that vessels attached to yacht club or other boating association moorings are not required to display a harbor use decal; however, **they must fly the club burgee. A maximum of 13 Club Permits will be issued.**

Harbor Use Permits are issued on a first-come, first-served basis. There is a limit on the maximum number of permits issued. Therefore, it is suggested that you renew without delay. Please be advised that operators of vessels who have failed to answer a summons for infractions of the Village Code chapter 71 (Boats and Boating) will not have their permits renewed or be issued a new permit.

Note: Non-residents can apply for up to two affiliate permits for a \$50.00 fee for each affiliate permit. Affiliates must complete an application and will receive an affiliate Harbor Use permit, which can be used in conjunction with the non-resident's mooring. Affiliates must put one decal on the non-resident's mooring and the other on their boat.
