1. Choose/list each municipal operation/facility that contributes or may potentially contribute Pollutants of Concern to the MS4 system. For each operation/facility indicate whether the operation/facility has been addressed in the MS4's/Coalition's Stormwater Management Program(SWMP) Plan and whether a self-assessment has been performed during the reporting period. A self-assessment is performed to: 1) determine the sources of pollutants potentially generated by the permittee's operations and facilities; 2) evaluate the effectiveness of existing programs and 3) identify the municipal operations and facilities that will be addressed by the pollution prevention and good housekeeping program, if it's not done already.

7. Evaluating Progress Toward Measurable Goals MCM 6

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMP in this reporting period.

The Village will continue an assessment of municipal operations and will develop a Good Housekeeping program. The Village will consider the construction of a new building for storage and washing of maintenance vehicles.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village continues to evaluate the feasibility of constructing a new building for the storage and washing of maintenance vehicles. The Village planted approximately 500 s.f. of landscaping along the Village causeway. The new Street Sweeper traveled 1,558 miles during the reporting period. The increased sweeping resulted in less material in storm structures. 27 c.y. of material were removed from catch basins.

C. How many times was this observation measured or evaluated in this reporting period?

0	0	0	6
---	---	---	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village will continue an assessment of municipal operations and will develop a Good Housekeeping program. The Village plans to construct a new building for storage and washing of maintenance vehicles and additional storm drainage facilities at Village Hall.
